

18.784 Presentation Workshop, Spring 2010

Fri Feb 5, 11am, in 2-102

suggested schedule

11:05 Introduce Susan

Susan: Ask students about their experiences in past CI-Ms

(Have they done presentation workshops, peer reviews of presentations?)

A seminar is a learning community: goal is to **help each other learn** math and communication

Chalk talks should be designed not to present but to help others learn the math

Give each other feedback on presentations.

Introduce Scott's practice presentation.

Distribute peer review sheet

11:15- Scott's practice presentation

11:30+ Pairs list ways to improve the presentation, then identify highest priority

11:35 Class discuss

11:50- Veteran advice for how to **prepare** successful presentation

11:54 Distribute presentation guidance handout
