INTELLECTUAL PROPERTY LICENSE AND RELEASE FORM

FULL NAME:	ADDRESS:
MATERIALS SUBMITTED:	

I understand and agree to the following:

1. **GRANT OF LICENSE**: In consideration of allowing me to participate in the submission of material for pedagogical purposes and for other good and valuable consideration, the receipt of which I hereby acknowledge, I, the author, ("I"), grant the Mathematical Association of America ("the MAA") a perpetual, fee- and royalty-free, sublicensable, non-exclusive license to use in any manner, modify in any manner, reproduce, translate, display, create derivatives of, distribute and/or broadcast directly or indirectly and in any media, now existing or hereinafter developed, and release the materials that I am providing to the MAA (the "Materials") for pedagogical purposes in connection with the MAA's work with the Mathematical Association of America Mathematical Communication website ("Mathcomm Website").

2. **USE OF MATERIALS/CORRECTNESS**: I understand and agree that the Materials will be available to third parties who will be granted a perpetual, royalty free, non-exclusive license to use, reproduce, distribute, translate and modify the Materials solely for educational and non-commercial purposes. I acknowledge that I am solely responsible for the correctness of my Materials.

3. **ATTRIBUTION**: Unless I decline below to have my name associated with the Materials, the MAA may require users of the Materials to attribute any use of any of the Materials in a form that will include the Author's name, title or status, the year the Materials were created (as indicated on the Materials), and any copyright information (as indicated on the Materials). The MAA agrees that it will post only the aforementioned contact information.

    I   (choose ☐) / (decline ☐)   to have my name associated with my Materials on the Mathcomm Website.

4. **AUTHORITY AND THIRD-PARTY PERMISSIONS**: I represent that, except where the Materials indicate otherwise, I am the owner of the copyright or other proprietary right in the Materials and that I have authority to grant this license. I further represent that I have identified and/or labeled all parts, items, and materials incorporated into the Materials that may be subject to a copyright or other proprietary right held by a third party.

5. **STUDENT WAIVER**: If I am an MIT student, I understand that if I have elected above to authorize the MAA to publicly disclose my name and MIT title or status, as an author of the Materials to third parties accessing the Mathcomm Website, as part of the above-described rights granted by me to the MAA to use my Materials, that I am waiving rights that I may have under MIT's Student Information Policy and the Family Education Rights and Privacy Act, to withhold this student information from disclosure, and that my grant of rights to the MAA is perpetual, and accordingly, this student information will remain available following the term of any class in which I may have created the Materials. I retain the right to revoke, in writing, this waiver and the rights granted to the MAA to use my name, title/status or Materials, with respect to any actions of the MAA occurring after the date it receives my revocation (understanding that the MAA has no obligation to address any uses of my name, title/status and Materials by any one accessing the Mathcomm Web site prior to this revocation).

I represent that I am 18 years of age or older, and have voluntarily chosen to grant the rights set forth in this license. The rights and obligations of this license shall be binding upon my heirs and successors in interest.
